Diary No 5367	Enclos	Spare copies	Serial No

BRIEF ABSTRACT OF LETTER

Forwards draft of the above bye-laws individually for approval as per instructions issued in this office G O WoC no 129 dated 25 7 52

NOTES AND ORDERS

The draft is based on the model of the bye-laws in force in the Madras Corporation A copy of the Madras bye laws has however not been sent enclosed as stated by the Commissioner

2) An extract of the observation of the administrative Secretariat on the G O note referred to above is noted below

" Because fee cannot be levied under the bye-laws

The proviso to bye law 1(a) may be superfluous

NOTES — First Sheet

WD 315470—GI B—5 000 -24-9 51

as the Bye-laws themselves purport to control places as is for the preparation of these articles other than for domestic use and this is also made Specific in Rule (2) of the Bye laws

Under the proviso to Schedule no License shall be Required for the storage only of these and other articles in the Schedule where such Storage is for domestic use and limited to such quantity as may from time to time be fixed by the Commr Two points emerge from this First, whether the preparation of for domestic use can be brought under a license as the present draft bye-law purports to provide for, and Secondly whether it is not necessary to make provision in the bye-laws giving the Commr powers to fix the quantities permitted to be Stored for domestic use from time to time

Under Sec 297 (3) of the Corporation Act application to the Commr should be made not less than 30 days before the place is used for such purpose But bye-law 1-(6) Requires the application to be made not less than 15 days prior to the date from which the License is to Commence This Requires to be corrected

2028/LD S367/ml

Bye laws for the Sanitary Control of places used for Baking or preparing Bread, Biscuits Confectionary etc 3

The form of Bye laws given in the enclosed Schedule C3 is for manufacturing aerated waters and not for the preparation of Bread Biscuits etc These Sheets be Rectified

The Bye laws Requires application for Renewals being made before the end of the first month of each official year This is inconsistent with the Powers under Sec 297 (c) of the Act

The Expression On the advice of the Health Officer in para 2 of Bye law 1 appears to be unnecessary and Superfluous

Bye-law 2(a) makes it peremptory for the Buildings to be Constructed of masonry only This might in effect Prohibit Concrete hollow block Constructions and the use of such other materials The desirability of having such a Condition in the present advanced Stage of Constructional Engineering Requires Consideration

Certain Verbal Corrections are made in the draft

3) Necessary Corrections have been made in the draft. now Sent up in the light of the above observations
